MY VALUE **Finance Student · Business Founder · Independent Researcher · Strategy Developer · Process Optimizer**

RANGE
Finance · entrepreneurship · international supply chain · AI systems · pharmacology research · trading-strategy development

DRIVE
Studies markets others spend careers specializing in, continuously picking up new ones and learning each in depth

CONNECTION
That depth lets me speak with manufacturers, business owners and high-end guests on their level

EDGE
Sees each problem from the other person's side, which builds trust faster and moves deals forward

COMMUNICATION
Clear, direct speaker and marketer, from supplier negotiations to five-star guest service

I CAN RESONATE AND CONNECT WITH ANYONE

Fueled by a natural passion to deeply investigate any market or field that crosses my path

DEMONSTRATED IN

1 EXPERIENCE

Entrepreneurship

Founder of MYOFLO | Gym consumer product brand (myofloshaker.com)

- Built the brand from concept to manufacturing
- Led communications and negotiations with foreign product manufacturers on pricing and production
- Built the e-commerce storefront
- Ran pre-launch TikTok marketing and social media

Founder of CLAREVO | Pharmacology brand (in development, unreleased)

- Incredible findings from independent research
- Unique and scalable market potential

Supply Chain Management

Supply Chain Lead (i.e. MYOFLO brand)

- Sourced, communicated and negotiated directly with foreign manufacturers
- Negotiated pricing and production terms
- Managed production from order to delivery

Professional Work Experience

Valet, Bern's Steak House & Epicurean Hotel
High-clientele, five-star service | Tampa, FL

- **Hospitality Management & Client Communication**
  - Served high-end clientele at Bern's Steak House (Ranked #6 nationally) and Epicurean Hotel
  - Communication Skills: Experienced objective growth from consistent interaction with guests of many different backgrounds
  - Resolved guest and client issues
- Managed daily accounting reconciliations of sales
- Fast-paced mental and physical environment; high volumes of guests

Artificial Intelligence (Depth of Usage)

AI Systems Integration · AI Workflow Automation · AI-Assisted Code Development · Prompt & Context Engineering · LLM Orchestration · LLM Evaluation · AI-Driven Research & Analysis

2 TECHNICAL SKILLS

- **Financial Markets (Outside of Education):** equities · derivatives · hedging · delta-neutral strategies · fundamental analysis
- **Coding Languages:**
  - Pine Script (Majority Independent Fluency and Partial AI-Assisted)
  - Highly Efficient in Vibe-Coding (AI-assisted development; Applicable to ALL coding languages)
